A very well written and touching insight into dogs. Everyone who loves dogs and those who do not, should read this book, especially on a Kindle, much nicer and easier than holding a book. Kindle's dictionary is also a delight to use while reading, just highlight the word by pressing on it, so easy.

Recently, I read the book Being a Dog: Following the Dog into a World of Smell written by Alexandra Horowitz. The title obviously gives away what the book is about. This non fiction book is all about noses, not just dogs, but also humans. In this story, Alexandra Horowitz blows your mind away with plenty of facts about a dog's nose.
