Ground Rules. Flying is restricted to Club Members, their guests, event participants and others registered at the Park Office, provided that they have current AMA membership. Only event registered participants may fly during a sanctioned event. The field is closed to all other operations at such time. New pilots must seek assistance and/or ...

Rules & Safety - Delaware R/C Club

A combustion reaction is a major class of chemical reactions, commonly referred to as "burning." Combustion usually occurs when a hydrocarbon reacts with oxygen to produce carbon dioxide and water. In the more general sense, combustion involves a reaction between any combustible material and an oxidizer to form an oxidized product. Combustion is an exothermic reaction, so it releases heat, but ...

An Introduction to Combustion (Burning) Reactions
