A dream is a succession of images, ideas, emotions, and sensations that usually occur involuntarily in the mind during certain stages of sleep. The content and purpose of dreams are not fully understood, although they have been a topic of scientific, philosophical and religious interest throughout recorded history. Dream interpretation is the attempt at drawing meaning from dreams and ...

The body of work on this website is my expression of acknowledgement of Werner Erhard who introduced me to transformation. This collection of my essays shouldn't be construed simply as a compendium of my writings, observations, and commentaries. In fact, if that's how they do play to you, then I would have failed in my intention to make them available. ...
