Cultural Histories Of The Material

Material culture studies as an academic field grew along the field of anthropology and so began by studying non-Western material culture. All too often, it was a way of putting material culture into categories in such a way that marginalized and hierarchized the cultures from which they came. During the "golden age" of museum-going, material cultures were used to show the supposed evolution of ...

Historiography is the study of the methods of historians in developing history as an academic discipline, and by extension is any body of historical work on a particular subject. The historiography of a specific topic covers how historians have studied that topic using particular sources, techniques, and theoretical approaches.

Letter of Solidarity to the Highlander Center. Date: April 29, 2019 In light of the recent attack, likely carried out by white supremacists, on the Highlander Center we write with our emotional and material support to Highlander's co-directors, Ash-Lee Woodard Henderson and Rev. Allyn Maxfield-Steele, staff, and all community members connected to the center.

Qanats were an important factor in determining where people lived. The largest towns were still located at low elevations on the floors of intermontane basins and in broad river valleys. Most of these early settlements were defended by a fortress and watered by hand-dug wells sunk into a shallow water table.
