### **Youth Unemployment And Joblessness Causes**

Youth unemployment is the unemployment of young people, defined by the United Nations as 15–24 years old. An unemployed person is defined as someone who does not have a job but is actively seeking work. In order to qualify as unemployed for official and statistical measurement, the individual must be without employment, willing and able to work, of the officially designated 'working age' and ...

Unemployment or joblessness is a situation in which able-bodied people who are looking for a job cannot find a job.. The causes of unemployment are heavily debated. Classical economics, new classical economics, and the Austrian School of economics argued that market mechanisms are reliable means of resolving unemployment. These theories argue against interventions imposed on the labor market ...

### **Unemployment - Wikipedia**

There are seven causes of unemployment.. Four causes create frictional unemployment. This type of unemployment is when employees leave their job to find a better one. Two causes create structural unemployment. That is when workers' skills or income requirements no longer match the jobs available.
